# TAPES-MASKING & STRAPPING

S1901 Masking Tape (3/4" x 60 yards)

- Adhesive tape that is removable.

- Use to mask off the area of a project as protection while working in the nearby section.

- Seal packages, tape poster board, tape items together or use as a label.

S1902 Strapping Tape (3/4" x 60 yards)

- Seal containers for shipping (strong enough to hold package during transport).

- Use to support a box.

- Strong filaments running lengthwise create a heavy duty tape that can withstand twisting, side to side pulling, and tearing.
